

Dockets Management Branch (HFA-305)  
Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: For 3 years, my OB/GYN tried various pharm. Estrogen/progesterone meds to relieve my <sup>menopausal</sup> symptoms - insomnia, irritability, migraines, hot flashes - all to no avail. Then she ordered a compounded ERT med from Womens Health America/Madison Pharmacy Associates - What a huge improvement! Not only were my symptoms relieved, but I felt so much better.

I need this compounded medication!!  
I am very concerned about Docket # 98N-1265 and oppose it wholeheartedly.

Not all women (people) are identical - we cannot all tolerate identical medications. Please do not take away my right to choose and take the best med. for my situation.

Please fold, seal, and mail by June 1
